“See The Light” in AI era

FiberConnect
APAC Conference
2025

JAKARTA, INDONESIA

11 - 12 NOVEMBER

ORGANIZED BY

FIBER NETWORK COUNCIL APAC

The FiberConnect APAC Conference 2025 is the premier fiber and AI-driven connectivity event in Asia-Pacific

Indonesia's booming digital economy, 5G rollout, and fiber expansion make Jakarta the ideal host for FiberConnect APAC 2025, offering opportunities in AI-driven smart cities, data centers, and hyperscale connectivity

Key themes the conference will explore:

- **AI & Intelligent Fiber Networks**
- **Fiber-Enabled 5G, 6G & Edge Computing**
- **Data Center & Hyperscale Connectivity**
- **Sustainability & Smart Infrastructure**
- **Future of FTTH & Broadband Acceleration**
- **Digital Transformation & Cyber Security**

Who should attend?

Senior executives & decision-makers from:

- Government & Regulatory Bodies
- Fiber Network and Mobile Network Operators & ISPs
- Data Center Operators & Ecosystem Players
- Solution Providers & Network Contractors
- Hyperscalers & Cloud Service Providers
- Smart City & IoT Infrastructure Developers
- Investment Firms & Telecom Analysts
- Cybersecurity & Data Protection Specialists
- Smart Manufacturing & Industry 4.0 Innovators
- Tech Policy & Digital Transformation Advocates
- Content Delivery Networks (CDNs) & Media Providers
